

About the Journal

Focus and Scope

The Iranian Journal of Textile Nano-bio Modification (IJTNBM) is an open access and peer reviewed multi-disciplinary journal which publishes original scholarly research papers on the fundamental research in all branches of theory and practice of Textile Chemistry and Textile Technology, providing rapid disclosure of the key elements of a study, publishing preliminary, experimental and theoretical results on the history of Textile, Fibers, Spinning, Weaving, Knitting, Printing, Dyeing, Finishing, Polymer and Nano Technology.

Topics suitable for IJTNBM include but are not limited to:

- Fibers
- Fabrics
- Spinning, Weaving and Knitting
- Printing, Dyeing and Finishing
- Dyes and Their Intermediates
- Textile Auxiliaries and Chemical Materials in Textile
- Polymer, Composites and Polymerization Processes
- Natural Dyes
- Nanotechnology Studies in Textiles
- Nano-Bio Modification
- New Technologies in Textiles
- Fabrics, New Methods for Cloth Fabrications and Cloth Design
- Cloth Designing and Garment
- Fashion Design
- Fabric and Cloth History
- Application of Textile Products in other Sciences and Disciplines
- Medical Textiles
- Branding and Business in the Textile Industry

Editorial Advisory Board:

Editor-in-Chief

Dr. Mohammad Mirjalili, Professor, Faculty Member at Department of Textile and Polymer Engineering, Yazd Branch, Islamic Azad University, Yazd, Iran.

Email: drmir_textile@yahoo.com

Email: ijtnbm@iauyazd.ac.ir

Director-in-Charge

Dr. Navid Nasirizadeh, Associate Professor, Faculty Member at Department of Textile and Polymer Engineering, Yazd Branch, Islamic Azad University, Yazd, Iran.

Email: nasirizadeh@yahoo.com

Editorial Board:

- **Dr. Luís Manuel Meneses Guimarães de Almeida**, Professor, Professor, Department of Textile Engineering, University of Minho, Guimaraes, **Portugal**.
- **Dr. Mis. Sidra Saleemi**, Assistant Professor, Department of Textile Engineering & Technology, University of the Punjab Lahore, Pakistan, PhD Research Scholar, College of Textile, Donghua University, Songjiang Shanghai, **China**.
- **Dr. Vincent Quevedo**, Associate Professor, Fashion Design and Merchandising Kent Campus, Kent State University, United States of America, Faculty Member of Fine Arts, Textiles, University of Nebraska, Lincoln, **USA**.
- **Dr. Mohammad Esmail Yazdanshenas**, Associate Professor, Department of Textile and Polymer Engineering, Yazd Branch, Islamic Azad University, **Iran**.
- **Dr. Masoud Latifi**, Professor, Department of Textile, Amirkabir University of Technology (Tehran Polytechnic), **Iran**.
- **Dr. Abosaeed Rashidi**, Professor, Department of Textile Engineering, Science and Research Branch, Islamic Azad University, Tehran, **Iran**.
- **Dr. Ramin Khajavi**, Professor, Department of Polymer and Textile, South Tehran Branch, Islamic Azad University, Tehran, **Iran**.
- **Dr. Navid Nasirizadeh**, Associate Professor, Department of Textile and Polymer Engineering, Yazd Branch, Islamic Azad University, Yazd, **Iran**.
- **Dr. Mohammad Mirjalili**, Professor, Department of Textile and Polymer Engineering, Yazd Branch, Islamic Azad University, **Iran**.
- **Dr. Masoumeh Tabatabaee**, Professor, Department of Chemistry, Yazd Branch, Islamic Azad University, **Iran**.
- **Dr. Ali Nazari**, Associate Professor, Department of Design and Clothing, Yazd Branch Islamic Azad University, **Iran**.
- **Dr. Sayed Abbas Mirjalili**, Associate Professor, Department of Textile Engineering, Yazd University, **Iran**.
-

Publication Address: Department of Textile and Polymer Engineering, Yazd Branch, Islamic Azad University, Yazd, Iran.
